

Frequency Cap:	1 view / 24 hours	Choose hc
After approval:	Start	Choose if
PrimeSpot:	All traffic	PrimeSpot for last ho
Referrer:	Blank	When set to blank.
Adblock:	All traffic	Specifies, Adblock.
Adv. type:	Popunder	Specifies, visitors.

Budgets

1 Smart Bid    2 Legacy Bid

Legacy Bidding ↗ - our system will automatically manage your bidding in order to minimize traffic costs, but with significant reduction of traffic speed.

Maximal bid: 0.0005

Specify the maximal price of a single popunder you are willing to accept. Too low bid will result in slower and lower quality traffic. For example, if you do not want to pay more than \$5.00 for 1000 popunders, enter 0.005 here.

Daily budget: 2.5

Choose the daily budget for this campaign. Leave empty to disable this limitation.

bid 0.0001 都没问题

THROTTLING 两种设置方法

一, SPEED 上下功夫, 具体比例自行把握

## 二, AUTOMATIC, 限每分的 SPEED

**Throttling**

1 Disabled    2 Manual    3 Automatic

**Automatic throttling** - You can set maximal number of impressions or amount of spendings per time unit.

Throttle:	Traffic speed (imp. per second)	Specifies, in what manner throttling thresholds calculated. You can choose either impressions spending per second mode.
Maximal traffic speed:	30	per minute

We do not guarantee that you will reach entered spendings. These settings allow you to throttle

至于 CATEGORIES 随便选，CAMPAIGN 建成看效果你觉得流量多就适当减类，反之加类

The screenshot shows a user interface for selecting categories for a campaign. At the top, there is a green header bar with the title "Categories". Below it, the text "Categories Leave empty to allow all" is displayed. Underneath, the section "Available choices:" contains a list of categories, each preceded by a small orange square icon. A "Filter" input field is located at the top left of this list. To the right of the list are three orange buttons: a double arrow button, a top arrow button, and a bottom arrow button. The list itself has a vertical scrollbar. To the right of the available choices, there is a section titled "Your choices:" which also contains a "Filter" input field and a list of selected categories. This list includes items such as "General/Arts", "General/Arts/Animation", and "General/Arts/Artists", followed by a long list of categories under "General/Health".

Categories Leave empty to allow all
